## T R E N D HOLLYWOOD REGENCY

Dating back to the '30s and continuing well through mid-century, Regency style epitomized the glamour and glitz of the early Hollywood era. Mixing and matching multiple styles, the look represented the beginnings of modern eclecticism in full-blown theatrical fashion. Today, the Regency revival is no less fresh and relevant and incorporates hallmarks like bold color schemes, luxury, lacquer, Deco, neoclassic elements, clean lines, chinoiserie, mirrors, bamboo and even a dollop of rococo. Moreover, it's a lavish ode to the luxurious lifestyle, and a highly aspirational one at that. — Tracy Bulla
